If you are seeking CE or CME credit, you can earn up 40 credits, all at your own pace. And, the registration fees have been reduced to make attending very affordable!

No travel, reduced registration fees, and a line up of more than 300 of the leading experts from around the world in the field of Eating Disorders sharing their expertise and experience! *And* incredibly discounted and readily available CE or CME credits.

If you are interested in Eating Disorders, you will want to be a part of this important event!
